

Full Circle

Michael and Vicki

Full Circle
Project of
the Month

The first time Full Circle worked for Michael and Vicki was when they built their new home in 2004-05 and they were thankful for the opportunity to work with them again this year by providing and installing new laminate flooring in several rooms throughout the house.

“....We love our new flooring!”

According to Michael and Vicki, “The installers arrived each day when they said they would and worked straight through, stopping only for a 20-30-minute lunch. It was a struggle to remove the existing ceramic tile, but the guys did it without complaint.

They vacuumed and put their tools away at the end of the day, and placed furniture and equipment to minimize disruption- such that we could use the kitchen, watch a little TV, and get to bed. Their carpentry and workmanship are excellent.

“Jim did a good job of diagnosing a sag in the dining room floor and getting it shored up. He also cured some minor squeaks with a few screws. Along with the installers’ work to bring the bay window area up to the proper height, we have a solid, level floor.

“It was certainly worth a few days of mess and inconvenience to have such beautiful new flooring. Thank you, Full Circle!”
