Project of
the Month

"I have been wanting a new kitchen for a long time. Mine was so dark with the dark cabinets. It is beautiful now thanks to Full Circle.

Jim and Jason were very pleasant and did very good work. They made it possible for me to use my kitchen sink when we were waiting for the new one to be put in. They also cleaned up when they were leaving for the day.

Angela kept me informed on delays and when a worker would be coming. I would refer Full Circle to anyone who wanted a remodel."
