

Full Circle

Mary Sherman Cottage

Full Circle
Project of
the Month

While visiting a local business to talk about the fireplace at her Northern Michigan cottage, Mary mentioned that she was looking for a contractor to remodel a bathroom. They recommended two local contractors to her, one of which was Full Circle Contracting and Home Center. After doing some research on both, she decided to give Full Circle a try. "I liked that they are a family business," she said.

Her experience with Full Circle was a positive one. "Dave called every Friday with an update and what would be coming next. I was very impressed with the communication I received and the work that was done was A+."

While making a trip up to the cottage before the project was finished, she was pleasantly surprised to find a very clean job site. "They had to pull off the job for a little while and I made a trip up to the cottage before they came back out. I couldn't believe how clean they left everything."

She found them to be professional and courteous and would highly recommend them to others. She has a more projects coming up that she hopes to have them do in the near future.

"I'm very happy with everything!"
