

Full Circle

Marcia Bauers - Cheboygan, MI

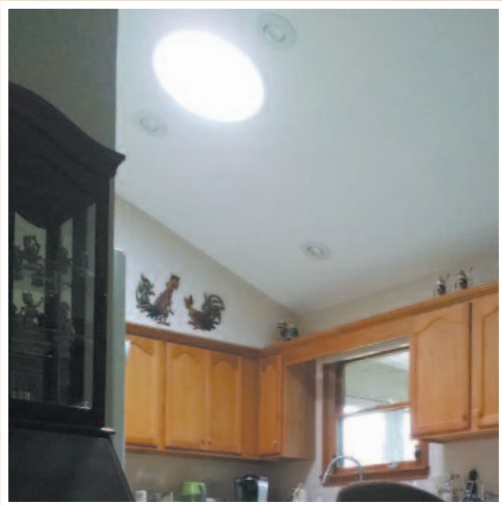

**Full Circle
Project of
the Month**

Before the sun tunnel

After the sun tunnel

Sun tunnel in the kitchen area

Did you know that a sun tunnel is an excellent solution to brightening up a room with little or no natural light? Marcia did just that in three areas of her home and loves them!

Marcia initially found Full Circle through an ad in the Cheboygan Daily Tribune, 3 years ago when she wanted to do a kitchen remodel. She had such a pleasant experience with that project that she definitely wanted to contact them again for the sun tunnels.

Throughout the course of our conversation she couldn't stress enough how satisfied she was with Full Circle and how professional Dan McKinley was during this project. She was very impressed by his friendly and courteous manner. She appreciated how the job site was cleaned up at the end of each day ~ "You would never even know there was a construction project in progress"!

She is very pleased with how her sun tunnels turned out and the wonderful amount of natural light they offer!
