

Full Circle

Chuck and Kathy Cassie - Topinabee MI

**Full Circle
Project of
the Month**

***We really enjoyed the
team effort of
Full Circle Contracting.***

We contacted Full Circle on the advice of a friend. We wanted Full Circle to help us turn our 100 + year old summer home into a modern one. Our design goal was to enlarge our kitchen while keeping some of its character.

Angela from Full Circle helped us come up with an idea. She proposed switching our dining room and kitchen. It was a good idea. Her design gave us all of the things we wanted, and the flow of the kitchen is awesome.

Dave from Full Circle kept in touch, often going over the details of the job and keeping us updated on our budget. We added a few projects as the work went on and everybody on the job was very congenial.

With the craftsmanship and expertise of Jim and Gary our kitchen and dining room were transformed into a beautiful and comfortable place. From leveling our very uneven floor and installing a beautiful floor to adding a large archway between the new kitchen and dining room giving the rooms a feel of more space.

Everyone we worked with at Full Circle was friendly and worked hard. They never left out any details. Jim

even took care of our dog when we had to leave. Someone (no names mentioned) even shared their lunch with him! All in all working with Full Circle ended up with very happy clients.
