Bud and Carol Ewers Kitchen Remodel

**Full Circle
Project of
the Month**

Full Circle Contracting and Home Center reconfigured, redesigned and installed our new kitchen including pantry/glass cupboards and counter area, new cabinets, countertops, sink and faucet. They also modified our island from a two level to one level.

We had never worked with Full Circle in the past and we became quickly pleased. Full Circle came to us via recommendations from Cindy (at the Big Boy), Bill and Diane Schryer and from the Project of the Month articles in the *Mackinac Journal*.

When reviewing the pantry/glass cupboards with Angela we went with 12 drawers below the counter and

are absolutely delighted. "I couldn't reach all the way into the old pantry and everything now is accessed easily with the new cabinets and drawers", said Carol

Also, we can hardly believe how beautiful our counters are. Tony did an amazing job - so professional and perfect! They enhance our kitchen and make it larger. All of the staff have a real level of professionalism and courtesy. Jim Chimner did an excellent job and was very neat and orderly.

Our new kitchen looks beautiful and pulled together and our experience was so wonderful we have already recommended them to friends, and we plan to use them again ourselves.
