

Full Circle

Kolly Residence

Full Circle
Project of
the Month

The Kolly family was having a difficult time finding someone to renovate the kitchen in their cabin. After receiving a few estimates from other companies but no follow-through, they asked friends for ideas of who to call on to complete the project. Full Circle came highly recommended as being very trustworthy and paying close attention to details.

Full Circle provided them with great communication, a prompt estimate and start date. The project included replacing the kitchen cupboards, countertop and backsplash.

“I was not living there or using the cabin much while the project was going on, but I did stop by a couple times and talked to one of the workers. He was always very polite and respectful. He listened to my ideas and offered his recommendations as needed.”

“I was nervous because the cabin is very old and wasn't sure how that would affect the outcome of the project. This kitchen renovation turned out even better than I expected! I will definitely recommend Full Circle to friends, and have already asked them for another estimate on a new project at my house.”
