

Full Circle

Sandy and Dave Peterman

Full Circle
Project of
the Month

Our project was a long time coming. We decided to have our kitchen updated and we immediately thought of Full Circle. My husband Dave had previously worked for Full Circle so we were aware of the quality and detail they put into their work.

Our experience lived up to our expectations. The staff at Full Circle was completely professional from ordering cabinets, delivery and installation of our new kitchen and countertops. Everyone really worked together, men showed up on the time we expected them!

Jim was very courteous and careful in setting our cabinets. We really appreciated his knowledge and

skill with the materials. At the end of the workday he would make sure our home was cleaned up and we could get around easily.

Dave worked for Full Circle for a couple of years some time ago and this gave us confidence in the project. We were in good hands. We do recommend Full Circle to folks who have any home project and we really love our new kitchen. "Everything turned out beyond what I expected". Thanks to Full Circle!
