Full Circle  
Project of  
the Month

**After**

I love your company. You conduct business very professionally and as efficiently as possible. Everything was thoroughly explained and progress was documented. In my case this was huge because I live in a different state so I was not there to monitor progress.

It turned out that the exterior facing on second story windows I had installed by a local window company was not installed correctly which resulted in water running down inside the walls of my home,

**Before**

rotting wood in it's path. After searching online and making a few phone calls Full Circle was recommended as being the best company for what I needed done.

The finished job is beautiful which has enhanced my home. I would gladly and without any hesitation recommend Full Circle and hire them again in a heart beat.

Thank you!!!

Sincerely,

*Sandra Ruttan-Johnson*
