

Full Circle

Shock's residence

Full Circle
Project of
the Month

The garage on Mr. Schock's property was over 70 years old and in need of some updates. Full Circle refinished the exterior, installed new windows, a new roof and a new stairway to the apartment above the garage. They did an excellent job of matching the look of the new garage to the house, which Full Circle had renovated a few years ago.

Mr. Schock said "Full Circle completed the garage renovation on time and significantly below the projected budget. They showed the same professional demeanor that was car-

ried through the house renovation."

He gives Full Circle his highest recommendation and their end result is always better than satisfactory. He will be contacting them for future renovation needs.
