

# Full Circle

*Jim and Sue Ziegler, Cuyler Street*

**Full Circle  
Project of  
the Month**

*They worked around our schedules, and its really nice to work with someone you trust and know will stand behind their work.*

We have worked with Full Circle Contracting and Home Center for around 30 years on various remodeling projects, and when it came time to update our 1970's-style kitchen we knew we wanted to work with them again.

Remodeling can be stressful and they take that away. They work with you every step, and give you ideas when you are not sure how to proceed. There are so many choices to make, and it can be overwhelming sometimes.

Angela Chamberlain helped us out a lot, taking us through the whole process from arranging for subcontractors to

picking out the products that we needed. We aren't interior designers, and she was a great help, stopping by to take pictures and making sure everything was going as planned.

They worked around our schedules, and its really nice to work with someone you trust and know will stand behind their work.

During the remodeling process, they cleaned up the worksite everyday, compliments that we've heard from many people who have worked with them.

We will continue to work with Full Circle in the future for any projects

that come up.
